

BEFORE THE OFFICE OF THE COMMISSIONER OF RAILROADS

STATE OF WISCONSIN

Petition of the Wisconsin Department of Transportation for the Alteration of a Public Crossing of the Wisconsin Central Ltd. Tracks with STH 33 (Main Street) in the Town of Addison, Washington County

9164-RX-511

SUPPLEMENTAL ORDER

On August 5, 2003, the Office of the Commissioner of Railroads (OCR) issued an order that required, among other things, the installation of cantilevered 12" LED automatic flashing lights (including sidelights for CTH 'W') with gates and constant warning time circuitry for the mainline track and an island circuit with a push button override for the sidetrack at the public crossing of the Wisconsin Central Ltd. (WCL) tracks with STH 33 (Main Street) in the Town of Addison, Washington County (crossing no. 692 297S / MP 129.53).

The spur track was removed subsequent to the order but before the project. The removal created a larger separation between the crossing and the nearby intersection of CTH 'W', negating the need for sidelights. The separation changes from approximately 50' to 100'. Consequently, neither the push button nor the sidelight was needed. The DOT timely requested a change in the order. The work has been completed, but the order should be updated to reflect what was actually needed and done.

THEREFORE, IT IS ORDERED,

That the provisions of paragraph 2 of the final decision be amended to read:

2. That the **Wisconsin Central Ltd.** shall install and maintain cantilevered 12" LED automatic flashing lights with gates and constant warning time circuitry for the mainline track and other appropriate appurtenances in accordance with such plans as are filed with and approved by the Office of the Commissioner of Railroads at the crossing of its tracks with **STH 33** at-grade in the Town of Addison, Washington County by **August 15, 2005** (Crossing No. 692 297S / MP 129.53). The completion date may be varied by agreement between the Wisconsin Department of Transportation and the Wisconsin Central Ltd.

Dated at Madison, Wisconsin, (May 2, 2006).

By the Office of the Commissioner of Railroads.

Rodney W. Kreunen
Commissioner of Railroads
